What School Nurses are saying about Linda:

Linda was instrumental in guiding me through my first year in school nursing. She continually makes herself accessible as a resource for all of us in our state.

Mary McCafferty Brown, School Nurse, El Dorado County
Linda is the most accessible, supportive, and proactive leader in our state. She has been instrumental in my professional school nursing practice.

Mary J. Larson, School Nurse, Sacramento County
Linda is a valuable, reliable, knowledgeable resource for clarifying controversial issues, providing us with tools and resources, and always supporting school nurses by giving us a secure foundation to do our job providing a safe and healthy learning environment for students and staff.

Debbie O'Haire, School Nurse, Napa County
Linda is always available for consultation. Her willingness to help is matched by her expertise and knowledge. I appreciate what she has done for school nurses in the State of California.

Victoria De La Fuente, School Nurse, Solano County
Linda has helped me as a new school nurse by being a great resource and source of information and knowledge..

Janet Sisco, Solano County
Linda is the ultimate advocate for children, and for school nurses and their role in supporting the health, wellness, and healthy futures for students.

Cindy Dodge, School Nurse Administrator, San Juan Unified School District
Linda has an excellent grasp of the issues that affect school nurses and their practice, and she is very good at communicating those issues to state officials as well as providing information to school nurses.

Ruth Person, School Nurse, Sacramento County
I had a difficult medication situation to resolve. Linda was a great resource to guide me through the process, so that I could advocate for the proper and safe solution with my administration and the child's parents.

Donna Beckman, San Joaquin County
Linda has such an extensive background in NASN and leadership experience at the state and national level that she would be a natural fit for the next NASN President-Elect.

Cheryl Resha, RN, PhD, Connecticut State Department of Education
Linda works tirelessly for school nursing related issues and will be an ideal NASN president. She is a leader who is not afraid of challenge or responsibility, and at the same time, is politically astute and a consummate diplomat.

Susan E. Proctor, RN, DNS, FNASN, Author, *To See or Not to See: Screening the Vision of Children in School*
