

Wisconsin Association of School Nurses

WASN is a nonprofit statewide educational association of professional registered nurses in Wisconsin who are employed by Boards of Education; or contracted through an agency to provide school nursing services; or nurses who are no longer employed as School Nurses, but whose primary interest continues to be School Nursing.

MISSION STATEMENT

The mission of WASN is to strengthen and support professional school nurses as leaders in building healthy school communities that promote success in learning.

GOALS

1. To develop and maintain high quality professional school nursing practice.
2. To strengthen the organization and its relationship with other organizations and agencies.
3. To develop and advance a political action plan relative to comprehensive school health services.
